# EDIT/Q OUR NEW QUICK SHIP. INDIVIDUAL, SUSTAINABLE

AND SIMPLY

FLEXIBLE.

## EDIT/Q, THE NEW SMART SIDEBOARD. NOW AS QUICK SHIP.

SUSTAINABLE DESIGN EDIT/Q is characterized by lightness. Its timeless design fits perfectly into any room. The combination of modern matt lacquer with noble veneer provides for many variations. At the same time, the warm and elegant material mix with high-quality mitered corner processing and fine 5-mm edging is a perfectly shaped eye-catcher. At the same time, the design furniture offers sufficient storage space. EDIT/Q is manufactured in our own production company in Germany. In doing so, we take into account all European guidelines for sustainability.

## INDIVIDUAL PLANNING

EDIT/Q is composed of individual modules that are perfectly joined together. Choose from a variety of modules and design your sideboard individually. Left outside, right outside or in the middle? You determine the order and arrangement of the open and closed compartments. With the choice of different heights and foot solutions, you round off the planning of EDIT/Q.

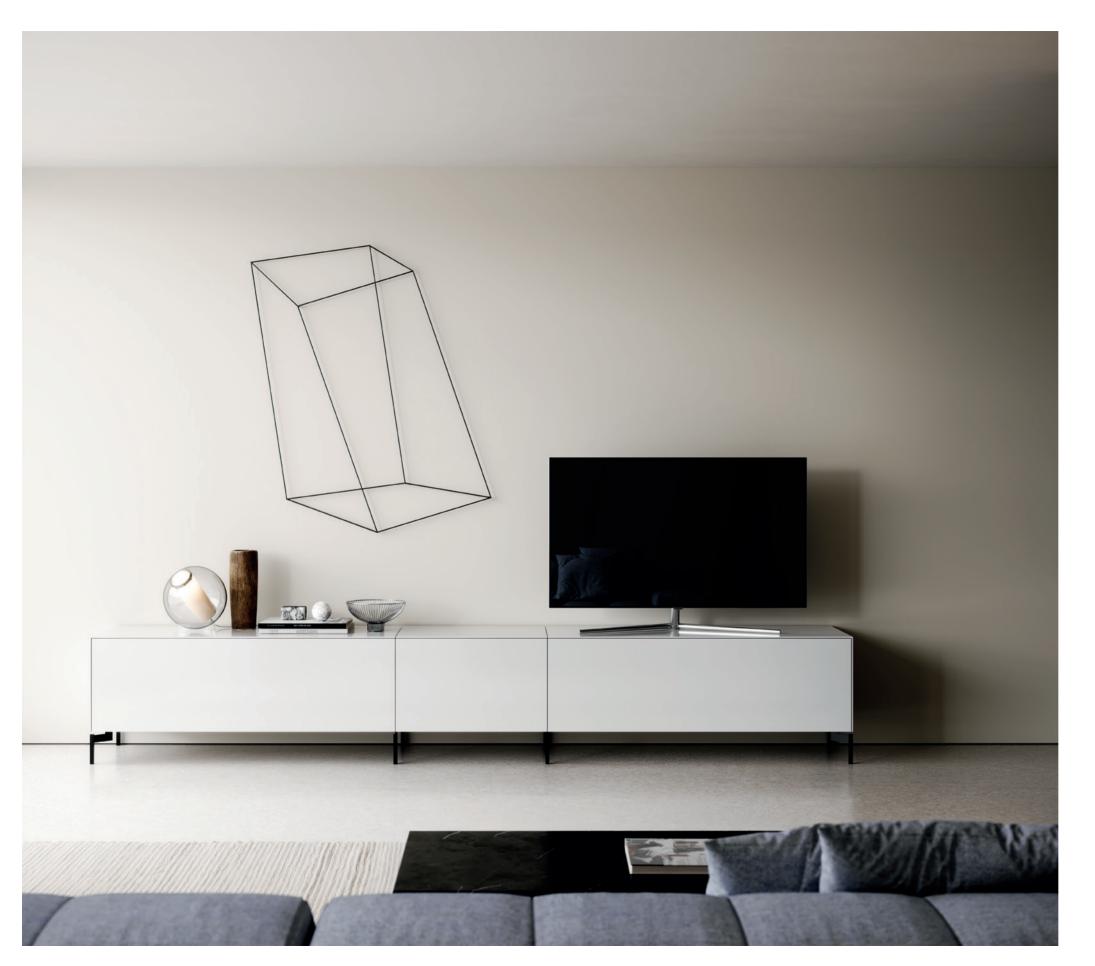

MODERN FLEXIBILITY The lightness of EDIT/Q also applies to assembly: The individual sideboard modules can be easily assembled and disassembled. In this way, EDIT/Q makes spatial changes easy and ensures that you quickly feel at home and familiar in the new rooms.

Shelves and interior drawers (behind doors) each freely positionable in the specified grid. All door modules include one shelf.

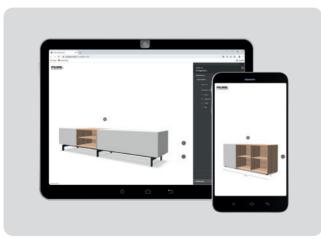

Glides included (standard version). Corner feet, runners or the base frame, which is also available at an extra charge.

All modules are delivered ready to use and can be assembled with little effort.

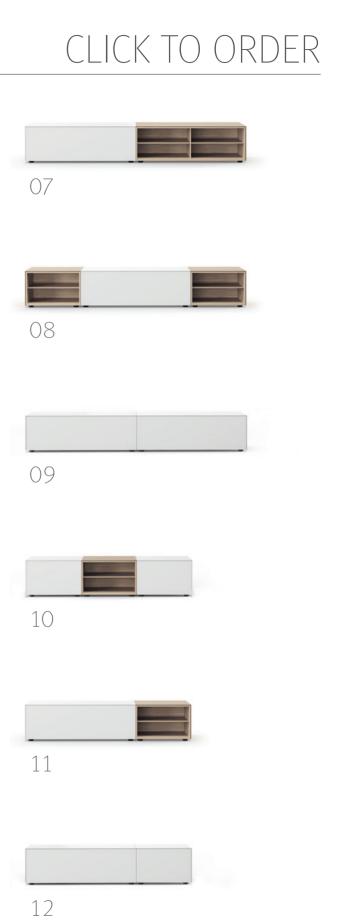

EDIT/Q is the Quick Ship selection from the EDIT planning program, which will be available in all designs and colors in early 2022.

Choose either from our examples your favorite of the H 37.5 cm with drawers as shown (optionally also media flap) or as a version with doors in H 50 / 75 cm – or put together in a few steps your very own custom furniture in the PIURE configurator.

### EDIT/Q 2022

The products in this catalogue correspond to the status when going to press. The color reproduction can only give an orientation and are not a reference. The indicated measurements are nominal measurements and not production measurements. Minimal discrepancies of measurements and versions are reserved to us. Production-based changes which serve the quality and the design of the product do not require an advanced notice.
